

## **DEFINITIONS OF TERMS USED:**

### **AB (Accident Benefits)**

A relative index based on the frequency of Accident Benefit (personal injury) claims

### **Claim Cost**

Average amount paid for insurance claims for each vehicle

### **Collision**

A relative index based on the cost per vehicle for Collision insurance claims

### **Comp (Comprehensive)**

A relative index based on the cost per vehicle for Comprehensive insurance claims (including theft)

### **DCPD (Direct Compensation Property Damage)**

A relative index based on the cost per vehicle for Direct Compensation Property Damage insurance claims

### **Theft Claim Cost**

A relative index based on the cost per vehicle for theft claims

### **Theft Claim Frequency**

A relative index based on the frequency of theft claims

(Number of claims reported as a percentage of the number of vehicles with All Perils, Comprehensive and Specified Perils coverage)

### **Body Style (Type of vehicle)**

2D = 2/3 doors	SUV = Sport Utility Vehicle
4D = 4/5 doors	VAN = Van
PU = Pickup	WGN = Wagon

### **TDS (Theft Deterrent System)**

Indicate if a vehicle is equipped with an IBC approved system ( CAN/ULC-S338 )

Y = Yes                      N = No

## **COLOR SCHEME:**

Ratings are expressed in relative terms with 100 representing the average in each category. This means a result of 122 is 22% above the average and a result of 87 is 13% below the average. Lower numbers indicate more favourable ratings.

The indexes for Accident Benefits claims are shown only by colour and do not include numerical values. This is because there are fewer Accident Benefits claims than other types of claims each year, so a numerical index would be misleading.

RED	=	More than 120 (20% above the average)
YELLOW	=	Between 81 and 120
GREEN	=	Less than 81 (19% below the average)
"BLANK"	=	Less than the required 1500 vehicles were insured during the time period being considered
